

# Cut-off Saw or Quick Cut Saw

*Delivering Quality  
Training and  
Assessment*

Our Cut-off or Quick Cut Saw course is designed to allow individuals to gain the required knowledge and skills to be able to operate and maintain a Cut-off saw safely and correctly.

The course runs over a 2 day period.

Day 1 Introduction to the Cut-off theory and personnel protective equipment, basic machine maintenance . Areas covered include:

- Plan and prepare
- Conduct pre-operational checks
- Use Cut-off saw
- Carry out operator maintenance
- Machine clean up and storage

Day 2 Cut-off saw in a practical work setting allowing the student the opportunity to put the theory into practice in a controlled environment. Cutting a variety of materials.

On completion the students will be issued a partial completion of a National Unit of

Competence. The course can be organized either at our training centre in Eden or at the workplace to suit our needs.
