

Update and certify your skills with Nationally Recognised Training

Units 15/16
38 Hopkins St
Eden NSW 2551

Overview

Southern Training Organisation is a preferred provider of Training and Assessment to the Forestry, Construction, Transport and Horticulture sectors.

Our management and staff have extensive experience in Training and Assessment. All our staff are widely experienced in the industry, and highly qualified to provide excellent training solutions.

Southern Training Organisation

As a Registered Training Organisation, Southern Training Organisation delivers nationally accredited training programs as well as customised training solutions for individual challenges.

All of Southern Training Organisation's courses comply with Australia's rigorous AQTF training standards, while maintaining a high level of customisation for client-specific needs. We treat our relationships with our clients as a partnership – not only as a partner in business but as your partner in training by providing the necessary development, delivery, assessment and support to you and your employees.

Capability to Deliver

We are registered to deliver qualifications and units of competency in Forestry, General Construction, Civil Construction, and Transport and Logistics in line with the Australian Quality Training Framework. Through co-provider arrangements we can deliver training for the Rural and Horticultural Industries. We also customise training solutions to meet client needs and deliver WorkCover accredited training across a range of industries.

We employ and utilise a network of multi talented and highly qualified trainers and assessors that are recruited for industry knowledge, training skills and experience.

Our scope of registration covers:

FPI10105	Cert I in Forest and Forest Products
FPI20105	Cert II in Forest Growing and Management
FPI20205	Cert II in Harvesting and Haulage
FPI20305	Cert II in Sawmilling and Processing

Client Based Approach

Because we specialise in a few core industries and work at all levels of the organisation from operators to CEOs we have an intimate understanding of workforce issues and have developed sound relationships with key stakeholders.

We concentrate on developing a training program around the client's specific goals and tailor workbooks, activities, assessments and projects accordingly.

We can also assist client organisations by developing and delivering short one to two day courses aimed at workplace management and performance in areas such as team building, supervision, time management, conflict management, communication and coaching skills.

Key People

John (Charlie) Waites *Chief Executive Officer*

Charlie, as he prefers to be known, has a long history of being involved in the Vocational Education and Training, over 35 years industry experience in Forestry, Construction (Building & Civil), Transport and Rural.

He is an Executive member of the Australian Timber Trainers Association, and a member of the National Registered Assessors Association, having been a Workcover NSW Public Assessor for greater than 10 years.

For greater than 20 years Charlie has been involved with numerous committees to do with the development and maintenance of industry competencies and Industry Training Packages. Charlie has a broad knowledge and understanding of industry and business needs when it comes to training issues, and is always willing to share this knowledge with other VET practitioners and prospective clients.

Contact us to find out more about the courses and training solutions we offer.
